

There are two ways that you can access The City when you're on the go. You can connect to a [mobile version of The City](#) through your mobile browser, or you can install The City's mobile app for iOS or for Android. Whichever method you choose, you can ensure that you're always on top of all the happenings in your City groups with just a few taps on your mobile device of choice.

To view the features included in the different versions of The City, [click here](#).
