

## Logging In to OnDemand

Your user name for OnDemand is unique and requires a [complex password](#). After you log in to OnDemand, you can log in to your software program: ACS, PDS, or HeadMaster. You can configure your settings to have a [single sign on for OnDemand and your software program](#).

1. On your desktop, double-click the **OnDemand** icon.
  2. Enter your user name and password.
  3. Click **Sign In**.
- 
1. In Applications or on the Dock, double-click the **OnDemand** icon.
  2. Click **Go**.
  3. Enter your user name and password.
  4. Click **Sign In**.

Tip

If the LogOn window does not display, exit the OnDemand Client by using Force Quit, and then restart the OnDemand Client.
