

## View Scheduled Weeks

The Scheduled Weeks window displays a list of all schedules for a selected date range. On the Information tab, click **Schedules**, and click **Scheduled Weeks** in the navigation pane.

Enter the date range of the schedules you want to display. Click **Thru** to automatically calculate the stop date. Double-click any entry within the grid, and the [Week Detail window](#) displays, where you can edit minister assignments. Select **Show Test Schedules** to view only [test schedules](#) in the grid.
